What Ladies say who are using Coaline

"I would not keep house without it.

"Although cheaper than soap, I should use it if it cost twice as much, it leaves my hands in such a nice condition "

"Worth more than you ask for it, just to take off the pencil marks my children will make on the walls"

"Have never been able to keep my mirrors satisfactorily clean until I used Coaline as other ways of cleaning injure the frames"

"It is wonderful for cleaning fly spots from walls and window sashes"

The highest testimony from the multitudes who are using it '

Labor saving, cleaning done in one-fourth of the time No slopping on Carpets or Furniture and without the slightest injury to the most delicate surface Once used will never be abandoned

We ask from every fair minded, economical person an impartial trial of Coaline It can be obtained of Grocers by the pint, quart or gallon, at the rate of 10 cents per quart, making it cheaper than soap

DIRECTIONS —Take a clean sponge and wet slightly with the "Coaline," thoroughly moisten (*not wash*) the surface to be cleaned, then wipe with a damp, then with a clean dry cotton cloth, changing the cloths as often as soiled, and the work is completed Wash the sponge after cleaning paint before cleaning glass

For Graining, Glass and all polished or delicate surfaces reduce one half with water A sponge should never be used on mirrors or piano cases, a piece of soft flannel being the proper thing

THE GLORIOUS RESULTS!

Our readers were yesterday morning apprised of the general extent of the glorious victories for Honest Government and Honest Money won by the Republicans in the great battle of the November elections, and the later despatches only confirm and strengthen the detail of the triumph. The telegraphic reports are so eloquent in themselves, that editorial congratulation is hardly needed; and we shall be content to offer a hearty recognition of the splendid work achieved and briefly cite a few of the most striking results.

First we may greatly exult over the practical rout and upset of the greenback communistic movement as evinced by the insignificance of its vote in the country, and by the overwhelming defeat of its most dangerous exponent, Benj. F. Butler by over 25,000 by the intelligent citizens of Massachusetts. The election of Tuesday enforced no plainer lesson than that the people of this country will not sanction National dishonesty or endorse the wild theories that would inaugurate financial ruin. The sober second thought of the American people repudiates 'fiat money' and leaves the apostles of repudiation wallowing in the mire of defeat.

In the Empire State the result is no less glorious. The corrupt Tammany ring that was mastering the despotism of the Tweed regime has been routed at all points by the uprising of honest citizens, and this triumph in the Metropolis has been fully accompanied by a sweeping Republican victory in the State. The immense gain of eight Congressmen is reported and estimates from Albany give the Republicans an overwhelming majority in the Legislature which will make Senator Conkling his own successor.

The Keystone State sends greatly augmented majority, again of two Congressmen and an increased majority in the Legislature that will choose a United States Senator.

New Jersey has done nobly, gaining two Republican Congressmen and electing a Republican Legislature, the Senate branch of which will vote for U. S. Senator to succeed Randolph in 1881.

Even Connecticut, that outpost of the Tammany citadel, has done nobly redeemed with a gain of two Republican Congressmen and the future that will elect Republican State officers and choose a Republican U. S. Senator in place of the mule Buyer Barnum.

New Hampshire has done grandly, elected Republican Governor by a decisive majority with all the Republican Congressmen and a Legislature that will choose Senator Wadleigh's successor.

Michigan, Wisconsin, Illinois, Iowa, Minnesota, Kansas, Nebraska, Colorado, California, Oregon, Nevada, and Kentucky, all have done their duty nobly, and the Solid South is again confronted by the solid North, arrayed on the old Confederate line of battle. Having succeeded in gaining control of the Lost Cause leaders have determined to crush out every vestige of Republican rights and even the few Congressmen left to the Republicans of the South have been overborne by violence and fraud. The people of the North may assume indifference to the persecution of their fellow citizens in the South but the election will force home upon them the exasperating fact that with anything like a fair election in the South the Republican Party would be sure of a larger majority in the next House of Representatives than is now claimed by the combined shot gun Democracy of the South and their subservient Democratic allies of the North. Unless we mistake the signs of Tuesday's elections the Solid South will soon find itself again confounded with a Solid North.

A BLOODY JUSTIFICATION

The Boston *Herald* having published explicit statements by its own correspondent of murderous political outrages in the South, without designing to note the facts editorially, we commented upon its significant silence when it flippantly rejoined that it was too busy with Massachusetts politics to attend to anything else, but that after Butler should be beaten it would "take more interest in Southern affairs." One of the statements made by its own special was that "*authentic information from Democratic sources* THAT THIRTY FIVE COLORED MEN HAVE ALREADY BEEN KILLED DURING THIS CAMPAIGN IN TENSAS PARISH, LA.," had been received in Washington. This and other statements in its own news columns, of monstrous public crimes in Louisiana and South Carolina, were what we called its special editorial attention to, and these were the trivial matters which it was too busy to consider. Butler was beaten on Tuesday, and in Wednesday morning's *Herald* the editorial department redeems it promise to express an opinion upon these organized barbarities, which it does in an article headed "THE PRESIDENT'S SOUTHERN POLICY JUSTIFIED!" The article is less explicit than might be desired, and it avoids specifying such uncomfortable details as the killing of thirty-five citizens in a single parish, reported by its own special from Democratic sources; but the drift of the article is that these butcheries of Republicans and the organized terror str that has disfranchised the *791,761* Republican citizens who voted for President Grant in the twelve 'reconstructed States' in 1872 afford the proofs that '*the President's Southern policy is already justified!*'

We think it was hardly necessary to make any considerable delay in expressing that sort of opinion and that it is really not worth while to discuss any question of justice, public honor or humanity with a paper that not only condones but justifies the defiant obliteration of our boasted Constitutional pledges with the blood of innocent citizens slaughtered for attempting to exercise the rights of American freemen.

President Hayes is not understood to be so well satisfied as some of the anti-Republican claquers of his 'policy,' that the new chapter of horrors in the South has justified the surrender of loyal citizens to the mercy of rebel bandits, armed with weapons gratuitously furnished by the Government of the United States.

How many Republican Congressmen would a free expression of the will of the people who the constitution and laws of the United States have restored from the ex Confederate States on Tuesday? How many Republican Representatives have the nearly eight hundred thousand Republican citizens of those States been permitted to elect? Let the significantly monotonous returns from the 'Solid South make answer!' Perhaps the people of the North will continue passive under this condition of things. We don't believe they will!

POLITICAL PIRACY

On Monday last the Portland *Argus* printed conspicuously with disparaging head lines the text of an alleged confidential circular to which was appended the names of Hon Eugene Hale and Hon Geo F Gorham the Chairman and Secretary of the Republican Congressional Committee. The circular purported to be a mercenary appeal to disaffected Republicans to return to the support of the party in the hope of obtaining offices, and any discriminating editor would know that so absurd a document would never be sent out by any sagacious party leaders. The *Argus* probably copied it from some other sheet but as is its custom it printed the thing as of its own responsibility and without intimating where it was obtained. On Tuesday afternoon the following, As sociated Press despatch, authoritatively and explicitly repudiating the bogus circular was received by the Portland *Argus* but suppressed from its issue of Wednesday.

BANGOR, Me., Nov 5. An alleged circular purporting to emanate from the Republican Congressional Committee, over the names of Eugene Hale and George F. Gorham has been extensively published as addressed to disaffected Republicans urging their return in expectation of a distribution of political rewards. A copy having been sent to Chairman Hale, he denounces the hoax in the following despatch

BELFAST, Me., Nov 5

C. A. Boutelle, Bangor. Alleged circular all bogus. Never saw or heard of it before. E. HALE.

The *Argus* which circulated the forgery in this State not only suppressed the explicit contradiction but added insult to libel by tucking in the following re-iteration of falsehood among a lot of clippings and items

The circular appealing to Republicans to come back to the fold with the signatures of Eugene Hale and Geo F. Gorham, *didn't get in the dead wheel*, Hale has now denied having signed it.

We do not know that Mr. Adams the conductor of the *Argus* committed or consented this act. We hope he did not. But whoever did it committed it as of a political pirate and will disavowed the piracy as sponsor for it.

THE SOUTH CAROLINA INFAMY

[From the N. Y. Tribune Nov 5.]

If South Carolina does not vote almost unanimously for the Democratic candidates today it will be a great surprise. The bulldozers claim that they have everything in fine form, sweeping victory and the observations of our dispatches confirm the report. A solid Democratic delegation to Congress and a complete Democratic State Government will be the result. Mr. Richardson sums up the outlook as follows in his last letter to the *Courier-Journal*:

"The Republicans have no state ticket and confine all only to make a fight for the Legislature and three Congressmen. But with possibly one exception they will not carry a county. The pig-sty brute force rather than argument has triumphed in South Carolina, and a majority of thirty thousand is overcome. Five Democrats will go to Congress and help make laws for the whole country, and this too when the white population is not much greater than in Hamilton County, Ohio. The outlook in the other Southern States is not much better."

The canvass of the votes cast for Representatives in Congress at the late election in Colorado shows that Belford, Republican, received 14,294 votes, Patterson, Democrat 12,003 votes, Childs Greenbacker, 2,329 votes. The Republicans have 65 majority on joint ballot in the Legislature.

SOLOMON'S WARNING. A friend calls our attention to the fact that King Solomon foresaw the greenback communist movement, and warned men against it as follows in *Proverbs I.*, 10th to 16th verses

"My son if sinners entice thee, consent thou not. If they say come with us, * * * we shall find all precious substance, we shall fill our houses with spoil: cast in thy lot among us, let us all have one purse, * * * walk not in the way with them, refrain thy feet from their path, for their feet run to evil and make haste to shed blood."

The Central street organ was not in lively tune last evening. It mournfully remarked that the Democrats had "done pretty well," but hoped they "would do better next time." Well, the returns were not very enthusiastic for the sort of Democrats who have sold out to the "rag baby."

Senator Barnum, the notorious mule dealer, turns up as the member of the Democratic National Committee through whom it came to pass that more than one shameless perjurer went before the Potter Committee with infamous falsehoods about Mr. Sherman and other prominent Republicans. Sypher, it appears, gave $1,000 to Anderson to "quicken his conscience." A careful watch was kept when Sypher's messenger returned, and it was found that he was in close converse with Barnum, the mule buyer.

Couldn't the *Commercial* afford a single rooster to crow over those "great victories" of its rebel allies in Louisiana, South Carolina, Georgia etc.? Not a solitary squeak over the triumph of the "shot-gun plan?"

The London *Times* commenting on American elections says that now as often before, the good sense of the American people has come to the rescue.

MORE BLOODY WORK IN LOUISIANA.

Thirty-six Republicans Killed by a Lone Cannon Charge.

TWO HUNDRED MURDERED IN TWO PARISHES.

[Special Cor. N. Y. Tribune.]

WASHINGTON, Nov. 4. Advices received from the South show that the old slave holding element has regained its former political ascendency, and that the colored race is as much at its mercy to-day as in the days of Calhoun or Preston Brooks.

In South Carolina the entire Democracy of the State is organized into an army fully equipped, uniformed and officered for war with cavalry, artillery and infantry, ready at a moment's notice to rally and disperse any assemblage of Republicans within the borders of the State. This state of affairs is not permitted by refugees alone, but is confirmed by the local organs of the Democracy received by every mail. In Louisiana a still more lamentable state of terrible affairs exists. The country parishes are less accessible. No newspapers except those which are controlled by the Democracy exist in the State, and the means of concealing crimes which are committed in the interest of the Democracy are more abundant. Dark hints occasionally come to the light only to be smothered under a cloud of conflicting stories sent out to confuse and cover up the truth. The following extract is from a private letter received to-day by a gentleman in Washington, written by an ex slaveholder, but one who abhors the tyranny and persecutions which are being perpetrated by the Democrats.

The troubles in Tensas and Concordia Parishes are about settled so far as the killing of negroes is concerned, but the chiefs over there are indulging in criminations and recriminations likely to result in their killing some of themselves. They are scrambling for office now among themselves, some regretting the killing of the negroes. It was a terrible slaughter of the negroes. The Natchez *Democrat* and other papers try to smooth it over but there is no use trying to hide it. They killed thirty-six in cold blood with cannon and rifle and buckshot in open day-time during two days. I know I heard at this distance fifteen reports and for four days and nights they were riding the country over, hanging and shooting. You could see negroes hanging on the roadside all over Tensas and part of Concordia. I saw parties that had been several. When the whole truth is told 200 at least were killed. I have gained it much in a roundabout but reliable way. Every effort is being used to keep down the truth for fear it may affect the Democracy in the November elections. North.

SENATOR SMALLS REPLY TO WADE HAMPTON.

[Special Cor. Boston Advertiser.]

WASHINGTON, Nov. 4. Ex-State Senator Smalls of South Carolina has written the following reply to Wade Hampton's letter informing him that the courts were open to him for the prosecution of those persons who had assaulted him and driven him from home.

WASHINGTON, Nov. 1 1878

Hon. Wade Hampton, Governor of South Carolina:

SIR.—Your letter of the 24th of October came to hand to-day, the contents of which had been thoroughly and carefully studied from a published copy some days since, and I must say that it seems more like special pleading for public opinion and sympathy than anything that looks to the righting of my wrongs. I have no confidence in any investigation which may be made by men who aided and abetted in wrong and fail to see in what way investigation by the solicitor can gain anything, now that that matter is under investigation by the United States courts. It is no judicial remedy I ask of you, but simply as Chief Magistrate to inform the people who are the prominent Democrats in Williams-burg county, that these things must stop. Then again your Excellency carefully abstains from any reference to the matter of the 8th of October of which you must have been informed through the public press. Shall a man be assaulted in his own house by acknowledged leaders of a party of which you are undoubtedly the head and be content to let that be must leave the country in twenty days under pain of death? Is this equal rights guaranteed by the Constitution and which you have time and again sworn to aid the people of South Carolina? I sir, have been harrassed for the past two years by all manner of persecutions only on account of my political stand as a true Republican party and I cannot believe that you sir, have been ignorant of these persecutions. What I ask is that I shall have that protection which is given to other citizens of the State. In relation to Justice Stedle to not say how I can make the charge more specific I have charged him with dereliction in duty and this is susceptible of proof. Your intimation that I have been striving to produce discord between the races is both unjust and unwarranted which can be proven by my record in Williamsburg county during the last twelve years.

I am your Excellency's obedient servant

Beware of Cheap Excitants,

And use, if you need a tonic stimulant and alterative, Hostetter's Stomach Bitters The liquors of commerce, even when they are not adulterated, fail to produce more than a temporary exhilaration, usually followed by a depressing reaction, anything but beneficial to a weakly constitution. Not only do the potent botanic ingredients combined with the alcoholic of Hostetter's Stomach Bitters minister to the health and vigor of those who use it, but the basis, pure old rye, the finest and most salubrious liquor distilled, is no mean promoter of a healthful condition of the digestive organs Its presence in the bitters is essential to preserve their vegetable constituents from fermentation, and it unquestionably augments their remedial value Few medicinal preparations of a proprietary nature have ever received such strong commendations from medical men nov4
